Preface

This learner's items bank has been written in line with the revised geography syllabus for the new lower secondary curriculum.

This is a competence based trial items bank designed to tackle major topics in the current syllabus.

The items are graded and the main objective is to present the material in a manner for easy comprehension and understanding.

The bank aims to develop both an understanding of the important concepts of geography and some analytical skill in the solutions of problems.

The main reason for the designing of this bank is to provide enough items for the students' revision in order to perfect in the subject and also provide confidence in the students after being exposed to a number of items in this bank.

It is hoped that the bank will be found useful for students' revision items at New Ordinary level *and it will be more useful to a learner if he or she has the “Lwanga William Geography Learner’s Research Book (detailed geography new curriculum notes)” by the same company.*

This learner’s items bank is one of the materials which are to be used to support the teaching and learning process of the new lower secondary curriculum.

Lwanga Books Ltd feels confident that this Bank will be of immense value to both the learners and the teachers.

Any suggestions for improvement of this bank are most welcomed, thanks.

“It is not what We do for you but what We will teach you to do for and by yourselves that will eventually make you successful beings in the society”
